New Choices
for Successful Organisations

£95 + VAT

OVERVIEW:

The new choices that now exist for working with Investors in People represent the most significant development in the Standard since its launch in 1991. With these new choices the process is turned on its head – it is no longer about how you meet the Standard, but how the Standard meets your needs.

The workshop is designed for internal IIP Champions, business leaders and anyone who wants to find out about these new choices – a new approach to using Investors in People that can help you achieve your business objectives and remain successful in these challenging times.
