**INVESTING IN PEOPLE
TO IMPROVE BUSINESS PERFORMANCE
AN INTRODUCTION
Free of Charge for up to two delegates!**

WHO SHOULD ATTEND?

Anyone with an interest in improving performance through people development and those who wish to find out how the Investors In People Standard will contribute to their organisation's success. The sessions are limited to two free of charge places per organisation.

OVER 35,000 ORGANISATIONS IN THE UK ARE INVESTORS IN PEOPLE

Investors in People is a framework that helps organisations to improve performance and realise objectives through the effective management and development of their people.

"Great pace and delivery in an informal and relaxed way"

Jackie Orr, Lynceus

Investors in People South West is the local Investors in People Centre and a range of support is being offered to organisations wishing to benefit from both working with the Investors in People Standard and using other effective management practice frameworks.

This workshop introduces the Investors in People business development framework and the benefits it can bring to all organisations, as well as introducing the range of support options provided by Investors in People South West including:

- Management development workshop programmes
- Interactive support tools
- Expert adviser support
- National accreditation for your organisation.

Workshop will include:

- An explanation of Investors in People and the benefits it can bring;
- How to access support tools and expert advice when working with Investors in People and developing your business;
- Management development, advisory programmes, workshops and training to support your business and people development;
- How to achieve national accreditation for your organisation.
